

Millennium Farms 2015 No Chemical, Non-GMO CSA Program

It is with great pleasure we announce the most comprehensive CSA program in the region: not only the freshest seasonal vegetables, greens, herbs, but also **fruit, AND YOU get to choose what is in your weekly share**. Millennium Farms is pleased to offer CSA shares for Fall 2015, for fifteen weeks from September 15 to December 22. **Every CSA share bag will be a custom order - you will choose weekly what produce you want to get**: we'll email you that week's availability list and then you choose which six or twelve you want to eat! **Chicken Eggs** will be also available, first come first served.

Fall 2015 CSA - During those 15 weeks, you will receive shares of fresh, seasonal, **non-GMO and chemical-free** mostly heirloom produce, from end of Summer and then Fall crops. Each week a Full Share will receive over \$30 of the tastiest produce. We believe that this year's Summer weather will go well beyond the end of September, so at first you can choose from the best of the summer crops: heirloom tomatoes, peppers, eggplant, squash, beans, greens, potatoes, and peaches. Once the weather cools you will choose from a large variety of heirloom potatoes, root crops including carrots, beets, parsnips and rutabagas; brussels sprouts; baby salad greens, baby spinach, baby arugula; herbs; nine kinds of winter squash, and at least four kinds of potatoes. And there will also be the Fall fruit: at least 15 different types of apples and pears, mostly heirloom! These will be bagged and delivered to the ESD building for your pick up every Tuesday. Full, Plus and Half Shares are available, with the Plus Shares receiving twice the amount of the Full Shares, and the Half Shares delivered every other week, for a total of 8 bags. We will email you weekly recipes on how we like to use the particular week's produce, which was a customer favorite in last year's CSA.

CSA stands for Community Supported Agriculture, where supporters of the farm subscribe for fresh produce in weekly bags and pre-pay for the subscription. **Full shares** (enough for 2 adults) for the Fall are \$375, **Plus shares** (enough for a family of three to five) are \$700 and **Half shares** (good for individual subscribers) are \$235. Subscriptions are due before the first week of the CSA. For further information, or for the sign-up form, email us at mfarms@comcast.net . We look forward to your support!
